

Dmitri Ivanov

Data Scientist

Moscow, Russia | dmitri.ivanov@example.com | +7 900 000 002 | linkedin.com/in/dmitri-ivanov | github.com/dmitri-ivanov | dmitri-ivanov.dev

PROFILE

Proficient data scientist with 6 years of experience utilizing machine learning algorithms to solve complex problems. Passionate about data-driven decision-making and predictive analytics.

SKILLS

Languages: Python, R, SQL

Frameworks: TensorFlow, Pandas, Scikit-learn

Cloud and tools: Google Cloud, AWS, Azure

Databases: PostgreSQL, SQLite

Practices: Data visualization, Statistical analysis, Agile methodology

EXPERIENCE

Senior Data Scientist, Data Analytics Co.

Mar 2019 - Present

Moscow, Russia

- Developed predictive models that improved sales forecasting accuracy by 20%.
- Conducted A/B testing leading to a 15% increase in conversion rates.
- Collaborated with cross-functional teams to integrate data insights into product strategies.

Technologies: Python, TensorFlow, PostgreSQL

Data Analyst, Insightful Analytics

Jan 2017 - Feb 2019

Saint Petersburg, Russia

- Analyzed consumer behavior data to drive marketing strategy, resulting in a 10% increase in customer retention.
- Created visualizations to present data insights to stakeholders.
- Performed data cleaning and pre-processing for improved analysis accuracy.

Technologies: R, Pandas, SQLite

PROJECTS

Sales Forecast Model

Created a machine learning model that accurately forecasts sales trends, leading to improved inventory management.

Technologies: Python, Scikit-learn.

Customer Segmentation Analysis

Executed clustering techniques to segment customers, enhancing targeted marketing campaigns. *Technologies: R, TensorFlow.*

EDUCATION AND CERTIFICATIONS

MSc Data Science, Moscow State University (2016) - Thesis on predictive modeling in retail.

Certifications: Certified Data Scientist
