

Kaori Nishimura

Data Scientist

Osaka, Japan | kaori.nishimura@example.com | +81 600 000000 | linkedin.com/in/kaori-nishimura | github.com/kaori-nishimura | kaorin.dev

PROFILE

Results-driven Data Scientist with 4 years of experience in statistical modeling and machine learning. Passionate about transforming data into actionable insights to drive business decisions.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, TensorFlow, Scikit-learn

Cloud and tools: AWS SageMaker, Azure ML, Google BigQuery

Databases: SQLite, PostgreSQL

Practices: Data Visualization, Predictive Analytics, Machine Learning Operations

EXPERIENCE

Data Scientist, Analytics Corp.

May 2020 - Present

Tokyo, Japan

- Developed predictive models that increased sales forecasting accuracy by 25%.
- Collaborated with stakeholders to identify relevant KPIs for business growth.
- Communicated insights through data visualization dashboards created with Tableau.

Technologies: Python, Tableau, AWS

Junior Data Analyst, Research Innovations Ltd.

Jan 2018 - Apr 2020

Kyoto, Japan

- Performed data cleaning and preprocessing for large datasets to enhance model accuracy.
- Assisted in the development of machine learning algorithms for customer segmentation.
- Presented findings to senior management, leading to strategic adjustments in marketing approaches.

Technologies: R, SQL, Excel

PROJECTS

Customer Segmentation Model

Implemented a machine learning model that classified customers into distinct groups, aiding marketing efforts and increasing conversion rates by 15%. Technologies: Python, Scikit-learn.

Sales Forecast Dashboard

Created an interactive dashboard that visualized sales data trends over time, driving informed decision-making across the sales team. Technologies: Tableau, AWS.

EDUCATION AND CERTIFICATIONS

BSc Statistics, Fictional University of Osaka (2017) - Graduated with Distinction

Certifications: Certified Data Scientist (CDS)
