

Elena Gomez

Data Scientist

Madrid, Spain | elena.gomez@example.com | +34 600 000 000 | linkedin.com/in/elena-gomez | github.com/elena-gomez | elenagomez.ai

PROFILE

Results-driven Data Scientist with over 4 years of experience in data analysis, machine learning, and statistical modeling. Adept at transforming complex data into actionable insights and predictive models to support business decisions.

SKILLS

Languages: Python, R, SQL

Frameworks: TensorFlow, Scikit-learn, Pandas

Cloud and tools: AWS, Google Cloud, Azure ML

Databases: PostgreSQL, SQLite

Practices: Data visualization, Machine learning, Agile methodologies

EXPERIENCE

Senior Data Scientist, Data Insights LLC

Jun 2019 - Present

Madrid, Spain

- Developed predictive models to enhance customer segmentation, increasing marketing campaign effectiveness by 25%.
- Conducted A/B testing to optimize product recommendations, improving click-through rates by 15%.
- Collaborated with stakeholders to define data requirements and deliver tailored analytical solutions.

Technologies: Python, AWS, PostgreSQL

Data Analyst, Analytica Group

Jan 2017 - May 2019

Seville, Spain

- Analyzed sales data to identify trends and inform business strategies, resulting in a 20% revenue growth.
- Created interactive dashboards for real-time data visualization using Tableau.
- Automated reporting processes, reducing manual workload by 30%.

Technologies: R, Tableau, SQL

PROJECTS

Customer Segmentation Model

Built a machine learning model to cluster customers based on purchasing behavior, enhancing targeted marketing efforts.

Technologies: Python, Scikit-learn.

Sales Dashboard

Developed an interactive dashboard using Tableau to visualize sales metrics and KPIs for executive reporting. *Technologies: Tableau, PostgreSQL.*

EDUCATION AND CERTIFICATIONS

MSc Data Science, University of Madrid (2018) - Focus on machine learning and big data analytics.

Certifications: Certified Data Scientist
