

Nora Al-Fahim

Data Scientist

Dubai, UAE | nora.alfahim@example.com | +971 50 000 0000 | linkedin.com/in/nora-alfahim | github.com/nora-alfahim | noraalfahim.dev

PROFILE

Results-oriented Data Scientist with 4+ years of experience in leveraging data analytics and machine learning to drive business decisions. Skilled in data visualization and statistical analysis.

SKILLS

Languages: Python, R, SQL

Frameworks: TensorFlow, Pandas, Scikit-Learn

Cloud and tools: AWS, Google Cloud, Azure

Databases: PostgreSQL, SQLite

Practices: Data wrangling, Predictive modeling, A/B testing

EXPERIENCE

Data Scientist, Data Insights LLC

Dubai, UAE

Apr 2019 - Present

- Developed predictive models to forecast sales trends, achieving a 15% accuracy improvement.
- Created interactive dashboards to visualize key metrics for stakeholders using Tableau.
- Conducted data quality assessments to ensure data integrity and reliability.

Technologies: Python, Tableau, AWS

Junior Data Analyst, Analytics Corp

Dubai, UAE

Jan 2017 - Mar 2019

- Analyzed customer data to identify buying patterns and improve marketing strategies.
- Assisted senior data scientists in developing machine learning models.
- Presented findings to management, leading to strategic business decisions.

Technologies: SQL, Excel, R

PROJECTS

Sales Prediction Model

Designed a machine learning model that forecasts sales based on historical data, resulting in a 20% increase in forecast accuracy. Technologies: Python, Scikit-Learn, AWS.

Customer Segmentation Tool

Developed a segmentation tool using clustering algorithms to categorize customers, enhancing targeted marketing efforts. Technologies: R, Python, Tableau.

EDUCATION AND CERTIFICATIONS

MSc in Data Science, Dubai University (2016) - Specialization in machine learning and data analytics.

Certifications: Certified Data Scientist (CDS)
