

Dmitri Petrov

Data Scientist

Moscow, Russia | dmitri.petrov@example.com | +7 900 123 4567 | linkedin.com/in/dmitri-petrov | github.com/dmitri-petrov | dmitripetrov.dev

PROFILE

Analytical Data Scientist with over 4 years of experience in predictive modeling and data analysis. Skilled in machine learning algorithms, data visualization, and statistical analysis.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, Scikit-learn, TensorFlow

Cloud and tools: AWS, Google Cloud, Docker

Databases: PostgreSQL, SQLite

Practices: Data cleaning, Feature engineering, Cross-validation

EXPERIENCE

Data Scientist, Data Insights Corp.

Mar 2019 - Present

Moscow, Russia

- Developed predictive models using Python, increasing forecasting accuracy by 30%.
- Utilized data visualization tools to present insights to stakeholders, enhancing data-driven decision making.
- Conducted A/B testing and analyzed results, leading to a 15% increase in user engagement.

Technologies: Python, Pandas, PostgreSQL

Junior Data Analyst, Tech Analytics Co.

Jun 2017 - Feb 2019

Moscow, Russia

- Performed exploratory data analysis on large datasets, identifying key trends and patterns.
- Collaborated with cross-functional teams to define metrics and KPIs, improving reporting accuracy.
- Built SQL queries to extract and manipulate data for comprehensive analysis.

Technologies: SQL, R, Excel

PROJECTS

Customer Segmentation Model

Designed a customer segmentation model that identifies key demographics for targeted marketing campaigns. Technologies: Python, Scikit-learn, Pandas.

Sales Forecasting Dashboard

Developed an interactive dashboard for visualizing sales forecasts, improving strategic planning. Technologies: Tableau, Python.

EDUCATION AND CERTIFICATIONS

MSc Data Science, Moscow Institute of Physics and Technology (2019) - Focus on machine learning techniques.

BSc Statistics, Lomonosov Moscow State University (2017) - Graduated with honors.

Certifications: Data Science Professional Certificate
