

Liam O'Reilly

Data Scientist

Dublin, Ireland | liam.oreilly@example.com | +353 1 234 5678 | linkedin.com/in/liam-oreilly | github.com/liam-oreilly | liamoreilly.dev

PROFILE

Insightful Data Scientist with a strong background in statistical modeling and machine learning. 5+ years of experience in data analysis, predictive modeling, and data visualization, dedicated to turning data into actionable insights.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, TensorFlow, Scikit-Learn

Cloud and tools: AWS, Google Cloud, Azure

Databases: PostgreSQL, SQLite

Practices: Data wrangling, Model deployment, Data visualization

EXPERIENCE

Senior Data Scientist, Data Analytics Corp.

Aug 2021 - Present

Dublin, Ireland

- Developed predictive models using machine learning techniques to optimize marketing strategies, increasing ROI by 25%.
- Collaborated with stakeholders to identify key metrics and create interactive dashboards using Tableau.
- Led a team of data analysts in data cleaning and preparation for analysis projects.

Technologies: Python, AWS, PostgreSQL

Data Analyst, Tech Research Ltd.

Feb 2018 - Jul 2021

Dublin, Ireland

- Analyzed large datasets to identify trends and insights, leading to improved decision-making processes.
- Created SQL queries to extract data for reporting and analysis.
- Generated detailed reports for management, summarizing findings and recommendations.

Technologies: R, SQL, SQLite

PROJECTS

Customer Segmentation Model

Built a machine learning model to segment customers based on purchasing behavior, improving targeted marketing efforts.

Technologies: Python, Scikit-Learn.

Sales Forecasting Dashboard

Developed a dashboard to forecast sales trends, assisting the sales team in strategy planning. *Technologies: Tableau, AWS.*

EDUCATION AND CERTIFICATIONS

MSc in Data Science, Trinity College Dublin (2017)

Certifications: Certified Data Scientist
