

Ravi Chandrasekaran

Data Scientist

Bangalore, India | ravi.chandrasekaran@example.com | +91 80 0000 0000 | linkedin.com/in/ravi-chandrasekaran | github.com/ravi-chandrasekaran | ravi.ai

PROFILE

Results-oriented Data Scientist with extensive experience in predictive modeling and data analytics. Proven track record in extracting insights from large datasets to drive strategic decision-making.

SKILLS

Languages: Python, R, SQL

Frameworks: TensorFlow, Scikit-learn, Pandas

Cloud and tools: AWS, GCP, Azure ML

Databases: PostgreSQL, MongoDB

Practices: Data visualization, Machine learning, Statistical analysis

EXPERIENCE

Senior Data Scientist, Analytics Hub

Feb 2019 - Present

Bangalore, India

- Developed machine learning models that improved customer retention by 25%.
- Conducted A/B tests to evaluate the effectiveness of marketing campaigns.
- Presented findings to stakeholders, using visualizations to clearly communicate complex data.

Technologies: Python, AWS, PostgreSQL

Data Analyst, Data Insight Corp

Jun 2016 - Jan 2019

Chennai, India

- Analyzed large datasets to reveal trends and insights that informed business strategy.
- Created automated dashboards and reports using Tableau to visualize key performance indicators.
- Collaborated with cross-functional teams to derive actionable insights from data.

Technologies: R, SQL, Tableau

PROJECTS

Customer Segmentation Model

Built a clustering model to segment customers based on purchasing behavior, leading to targeted marketing strategies.

Technologies: Python, Scikit-learn.

Sales Forecasting Tool

Developed a forecasting tool using time series analysis to predict future sales trends. *Technologies: Python, Pandas, NumPy.*

EDUCATION AND CERTIFICATIONS

MSc Data Science, Indian Institute of Science (2019)

Certifications: Certified Data Scientist
