

Nia Okafor

Data Scientist

Lagos, Nigeria | nia.okafor@example.com | +234 812-345-6789 | linkedin.com/in/nia-okafor | github.com/nia-okafor | nia-okafor.dev

PROFILE

Data Scientist with over 4 years of experience in developing predictive models and data-driven insights. Passionate about leveraging data to solve complex business challenges.

SKILLS

Languages: Python, R, SQL

Frameworks: TensorFlow, scikit-learn, Pandas

Cloud and tools: AWS, Google Cloud, Azure

Databases: PostgreSQL, SQLite

Practices: Data visualization, Machine learning, Statistical analysis

EXPERIENCE

Data Scientist, Insight Analytics

Feb 2019 - Present

Lagos, Nigeria

- Developed machine learning models that improved customer retention rates by 25%.
- Analyzed large datasets to uncover trends and insights, presenting findings to stakeholders.
- Collaborated with engineering teams to implement data pipelines for real-time analytics.

Technologies: Python, AWS, PostgreSQL

Data Analyst, DataSolutions Ltd.

Jan 2017 - Jan 2019

Lagos, Nigeria

- Conducted exploratory data analysis to support business decision-making.
- Created dashboards using Tableau to visualize key performance indicators.
- Worked with cross-functional teams to define data requirements for projects.

Technologies: R, Tableau, SQL

PROJECTS

Sales Forecasting Model

Built a forecasting model that predicts sales trends, allowing for more accurate inventory management and reducing costs by 15%. Technologies: Python, scikit-learn.

Customer Segmentation Analysis

Executed clustering analysis on customer data to identify distinct segments for targeted marketing strategies. Technologies: R, Pandas.

EDUCATION AND CERTIFICATIONS

MSc in Data Science, University of Lagos (2018) - Focus on advanced analytics and machine learning techniques.

Certifications: Certified Data Scientist
