

Amina Abdi

Data Scientist

Nairobi, Kenya | amina.abdi@example.com | +254 700 000 000 | linkedin.com/in/amina-abdi | github.com/amina-abdi | aminaabdi.dev

PROFILE

Analytical Data Scientist with over 4 years of experience in data analysis, predictive modeling, and machine learning. Passionate about leveraging data to drive business decisions and improve operational efficiency.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, TensorFlow, Scikit-learn

Cloud and tools: Google Cloud Platform, AWS, Azure

Databases: PostgreSQL, MongoDB

Practices: Data cleaning, Statistical analysis, Machine learning

EXPERIENCE

Data Scientist, Data Insights Co.

Jun 2019 - Present

Nairobi, Kenya

- Developed machine learning models that improved prediction accuracy by 25%, driving strategic business initiatives.
- Collaborated with stakeholders to define data needs and create visualizations, enhancing data-driven decision making.
- Conducted A/B testing on marketing campaigns, resulting in a 15% increase in conversion rates.

Technologies: Python, TensorFlow, PostgreSQL

Junior Data Analyst, Innovate Analytics

Jan 2017 - May 2019

Nairobi, Kenya

- Analyzed datasets to identify trends and patterns, informing product development and marketing strategies.
- Automated reporting processes using Python, reducing manual efforts by 40%.
- Worked closely with data engineers to ensure data quality and integrity across various platforms.

Technologies: R, SQL, Excel

PROJECTS

Customer Segmentation Analysis

Led a project analyzing customer data to identify key segments, optimizing marketing strategies and increasing customer retention by 20%. Technologies: Python, Pandas.

Sales Forecasting Model

Developed a predictive model for sales forecasting, resulting in improved inventory management and a 15% reduction in overhead costs. Technologies: TensorFlow, SQL.

EDUCATION AND CERTIFICATIONS

MSc in Data Science, University of Nairobi (2018)

BSc in Statistics, University of Nairobi (2016)

Certifications: Certified Data Scientist
