

Aysha Hossain

Data Scientist

Dhaka, Bangladesh | aysha.hossain@example.com | +880 1700 000000 | linkedin.com/in/aysha-hossain | github.com/aysha-hossain | aysha-hossain.dev

PROFILE

Data scientist with a strong foundation in statistics and machine learning. Over 4 years of experience in analyzing complex datasets and developing predictive models to inform business decisions.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, TensorFlow, Scikit-learn

Cloud and tools: AWS, Azure, Google Cloud

Databases: PostgreSQL, SQLite

Practices: Data analysis, Machine learning, Statistical modeling

EXPERIENCE

Data Scientist, Insight Analytics Ltd.

Mar 2020 - Present

Dhaka, Bangladesh

- Developed predictive models that increased client revenue by 20% through data-driven insights.
- Automated data processing workflows, reducing analysis time by 50%.
- Presented analytical findings to stakeholders to guide strategic decision-making.

Technologies: Python, AWS, PostgreSQL

Junior Data Analyst, Data Solutions Inc.

May 2018 - Feb 2020

Dhaka, Bangladesh

- Conducted exploratory data analysis on large datasets to identify trends and patterns.
- Created visualizations that enhanced reporting accuracy and clarity for non-technical stakeholders.
- Collaborated with cross-functional teams to refine data collection processes.

Technologies: R, SQL, Tableau

PROJECTS

Customer Segmentation Analysis

Performed clustering analysis on customer data to identify distinct segments, leading to targeted marketing strategies that improved engagement by 30%. Technologies: Python, Scikit-learn.

Sales Forecast Model

Built a machine learning model to forecast sales trends based on historical data, achieving a prediction accuracy of 85%. Technologies: R, TensorFlow.

EDUCATION AND CERTIFICATIONS

MSc Data Science, Fictional University of Dhaka (2017) - Specialized in machine learning.

Certifications: Certified Data Scientist (CDS), AWS Certified Data Analytics - Specialty
