

Jamal Nasrallah

Data Scientist

Beirut, Lebanon | jamal.nasrallah@example.com | +961 3 000 0002 | linkedin.com/in/jamal-nasrallah | github.com/jamal-nasrallah | jamalnasrallah.dev

PROFILE

Data Scientist with 4 years of experience in predictive modeling, data mining, and statistical analysis. Skilled in machine learning algorithms and data visualization techniques to drive business solutions.

SKILLS

Languages: Python, R, SQL

Frameworks: Pandas, Scikit-learn, TensorFlow

Cloud and tools: AWS, Google Cloud Platform, Azure

Databases: PostgreSQL, SQLite

Practices: Agile development, Data cleaning, Machine learning deployment

EXPERIENCE

Data Analyst, Data Insights Corp

Jun 2020 - Present

Beirut, Lebanon

- Analyzed large datasets to extract actionable insights, leading to improved marketing strategies and a 15% increase in customer retention.
- Developed predictive models using machine learning techniques, resulting in accurate forecasts for sales and inventory.
- Automated data collection and reporting processes, reducing manual work by 40%.

Technologies: Python, SQL, AWS

Junior Data Scientist, Tech Solutions

May 2018 - May 2020

Beirut, Lebanon

- Assisted in the development of data-driven models for business optimization, improving service efficiency.
- Visualized data trends using tools like Tableau, enhancing stakeholder presentations.
- Participated in cross-functional teams to address complex data challenges.

Technologies: R, Tableau, SQLite

PROJECTS

Customer Churn Prediction

Developed a model to predict customer churn, enabling proactive retention efforts that reduced churn by 20%. Technologies: Python, Scikit-learn, AWS.

Sales Forecasting Dashboard

Created an interactive dashboard to visualize sales forecasts and trends, aiding decision-making processes. Technologies: Tableau, AWS, Python.

EDUCATION AND CERTIFICATIONS

MSc Data Science, American University of Beirut (2018) - Specialized in machine learning and statistical analysis.

Certifications: Data Science Professional Certificate
